

We rate dogs

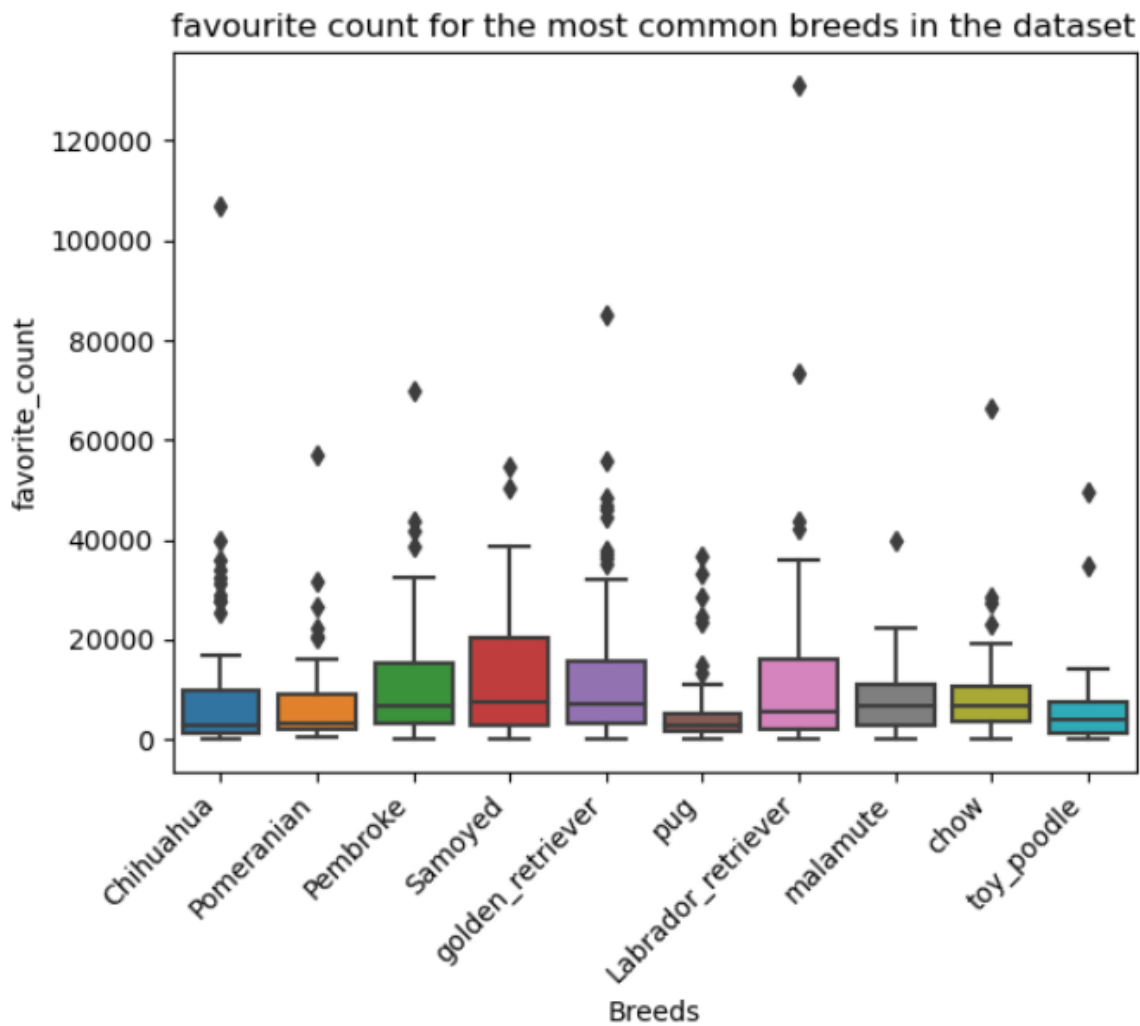

We **rate dog** tweeter account, has a huge collection of adorable dog photos with usually a funny comment from their owners. The rating for these dogs is higher than 10 as it is not a real competition. There's some outliers that doesn't compare to the general values, but the ratings are mainly between 10 and 13.

A better estimation of the popularity of the breeds can also be achieved by looking into the favourite count of each photo.

Many breeds have few photos which can be misleading as the average of the favourite count isn't reliable. As these account has a huge amount of photos for more than a hundred breed, the exploration of these photos was limited to the top 10 most common breeds in this dataset which are : **Chihuahua, Pomeranian, Pembroke, Samoyed, Golden retriever, Labrador, pug, malamute, chow and toy poodle**

For these breeds, the average is comparable with a higher count in the case of golden retriever, samoyed and labrador retriever

Let's take a look at some of my favourite, the comments are a big part of the fun when scrolling these photos
